

## CUTE MUTE TV TROPES

### [girly bruiser tv tropes](#)

The majority of Action Girls out there are all quite physically attractive and feminine in their own right, but there tends to be an arbitrary line drawn between exactly how feminine an Action Girl can be. This character defies that. She will be tough as leather and as soft as silk. If there is a Tomboy and Girly Girl situation then she will be the Girly Girl but will not be any less of a badass.

The protagonist of the story. Koyomi (usually called by his surname, Araragi) is a high school senior and the class vice representative. Due to an incident during Spring Break in which he turned into a vampire and never quite returned to being a full human, he retains vampire-like abilities such as super-fast healing.
